

## PE & SPORTS GRANT INFORMATION 2020/21

PE & Sports Grant Information	
Academy	All Saints Thurlestone C of E Academy
PE & Sports Grant Allocation September 2020 – August 2021	£17 730

### Spending Overview :

#### Rationale

The Learning Academy Partnership is dedicated to delivering high quality PE & school sport to all children. We aim to raise standards in PE and equip the children with the desire, skills, knowledge and understanding necessary to lead a healthy lifestyle.

ACTIVITY	COST £	FUNDING CONTRIBUTI ON	IMPACT SOUGHT	OUTCOME OF FUNDING AS AT 31/07/21
Engagement with Spires College to offer Specialist PE support for Teachers.	£6318	£6318	<p>To develop subject knowledge for teaching staff on the delivery of high quality PE lessons.</p> <p>Children to experience PE specialist to further develop their physical literacy and skill - building into sports games.</p> <p>Engage, enthuse and spark interest for children in PE and to further engage them in sports clubs outside of school.</p>	<p>All classes have received high quality PE provision taught by or supported by a PE specialist on a weekly basis except during the January-March Covid lockdown. Post lockdown, these lessons provided opportunity to not only re-engage with lessons but also with their fitness again, which due to the time of the year for the lockdown, had a huge impact on many children's fitness. (Dark, cold, wet, more parents working at home)</p> <p>Teacher questionnaire indicates that teacher confidence has increased for all teachers. Teachers have a better subject knowledge and understanding of how to plan progression within PE lessons and within units of work.</p> <p>Teacher assessment shows that children are all working at the expected standard in PE with some children exceeding.</p> <p>During these lessons children have been enthused whilst learning a wide range of sports including Gymnastics and Dance, Football, Rounders, Athletics, Netball,</p>

				Hockey, Bench Ball, Basketball and Tag Rugby.
Forest School provision	£6000	£6000	<p>Children get to problem solve, develop teamwork and learn to take part in outdoor and adventurous activity challenges both individually and within a team.</p> <p>Children develop a love for being outdoors which will stay with them long beyond participation in team sports is an option for them in later life.</p>	<p>Despite lockdown, all children, including those in the nursery, have had the opportunity to develop their own risk assessing skills in a controlled environment. Children develop empathy for the natural world and nurture a love of being outdoors which will last them into adulthood</p> <p>Children have developed physical fitness, balance and well being by being exposed to the elements in a controlled and safe environment. They have been able to explore the outdoors in the sense of their physical fitness and now understand how the outdoors can be used safely in the future. These sessions have contributed to their mental well being, particularly post-lockdown</p>
After School Clubs	£2500	£2500	<p>Further develop opportunities for children to engage in sports outside of school time.</p> <p>Range of clubs offered - including sports that children may not be able to engage in within the local area (e.g. yoga).</p>	<p>Due to COVID restrictions on bubbles and the impact that this had on the staff workforce, clubs were limited this year. Some of this money was diverted to being used during the school day to allow children to participate in sports</p>

			Increased opportunities for PE/Sport and afterschool will give increased opportunities for children to develop their health and fitness	which the children may not usually experience i.e. Archery, softball etc These sessions were also targeted to areas in which some children struggled after returning after lockdown i.e. playing fairly, sportsmanship and settling disputes.
Ivybridge Community College link	£45	£45	To strengthen the link between local school community and enable children to engage in a range of competitive sports.	Due to COVID restrictions, we were unable to participate in community events this academic year.
Travel to and from sporting events	£0	£0	To reduce and eliminate the travel costs for children to engage in sporting activities as representatives of the academies. (Use of Hub Mini bus)	
Resources	£2867	£2867	Resources are poor for some areas so need replacing to ensure that children have an excellent provision New Playtime resources for each bubble to ensure that children are able to be active safely during the Covid period To leave a lasting legacy for PE. Pupils to enjoy their PE lessons. To improve their confidence and their physical and emotional wellbeing. To learn new skills.	Children are able to stay active in free play periods as well as during PE lessons due to the quality of resources available. Each bubble has had access to their own basket of sports equipment at break times. (regularly cleaned!) Children have, with the support of staff experienced hockey, tennis, football, netball and made up their own games. This has helped to ensure that their fitness has been maintained even though they have not had access to the range of normal activities during this time.

				We also invested in high quality resources for the teaching of PE including new netball posts, new rugby, footballs and netballs and tag rugby belts.
