Home Learning in Leas Foot Class

Home learning consists of Reading and a curriculum focused subject.

Reading

We strongly encourage, where possible, that all children read everyday. In Leas Foot, the children's books will be changed by their RWInc Teacher at least once a week. The children will also have access to a range of picture books from the library, which they will also bring home to enjoy with you.

Home Learning

This week, Miss Kingston and I would like the children to hunt out a photograph of themselves as a baby and a photograph of them this year. We will then use our photographs in our first History lesson on Monday as we will begin by focusing on then and now as we start to understand more about chronology. The photographs will be kept safe and returned at the end of this half term.

Reminders.

Please record any reading your child does at home in their reading diaries.

Please ensure that your child has a P.E kit in school on and Monday and that all items of uniform and PE kit are clearly named.

Dear all,

Welcome to Leas Foot class. I hope you all had a lovely summer break. What a fantastic week we have had in Leas Foot! It has been an absolute pleasure to welcome the children back to school and they have blown me away with how well they have settled in. They are absolutely thrilled to be back outside on the playground with the older children and it has been fantastic to see how well they have all been playing together.

This week has been all about settling back into routines and familiarising ourselves with our classroom and spending time reminding ourselves about how we expect each other to be. As a class we created our class charter and the children thought carefully about how they want to be. They decided the most important way to be is to be kind and to be yourself! We then made beautiful bees to surround our class charter.

Maths

Year 1 have been spending time settling into their Maths routine with Miss Kingston and Year 2 have had the opportunity to show what they know about place value. Next week, the Year 2 children will begin their first block of Maths learning based on tens and ones with the use of concrete resources to help them to understand the tricky concept of place value.

PE

It was wonderful to welcome Miss Worden back for our weekly PE sessions on a Thursday afternoon. The children had a brilliant time playing team building games and developing their communication skills with each other. Please ensure that the children bring their PE kits into school on a Monday morning so that any opportunities for PE aren't missed. We will then send their kits home every Friday to be washed.

Please come and see me if you have any concerns or you have any questions.

Have a wonderful weekend!

Mrs Williams

Star of the Week!

Stars of the Week!

Joshua Paylor

What an absolutely triumphant week Joshua has had! He has shown superb listening in class and he has put in 100% when completing his handwriting work. Well done Joshua, I'm very proud of you-keep up the brilliant work!

Attendance

Our attendance target is 98%.

Last week's attendance was 99.5%

Wow fantastic.... let's keep it up!
