

Dear Families,

Welcome Back to the Spring Term!

We hope you had a wonderful break and that your child is feeling refreshed and ready to start the new term. We are excited to welcome all our children back to school for what promises to be a busy and engaging Spring Term.

Along with this letter you will find your child's curriculum map for the Spring Term. We are excited to share our curriculum maps with you, outlining the key topics and skills your child will be exploring this term. These maps provide an overview of the subjects and learning objectives for each grade level, helping you stay informed about what your child is learning at school. To support your child's learning at home, we encourage you to engage in conversations about what they've been studying, ask questions, and explore related activities together. Simple activities like reading together, practicing math facts, or discussing science topics can make a big difference in reinforcing what they're learning. Your involvement helps create a strong partnership between home and school, and we are grateful for your continued support in your child's education.

We also wanted to take this opportunity to share some important information about the exciting activities we have planned for the term, including music lessons, after-school clubs, and Forest School sessions.

Music Lessons

Individual music lessons are available in school for a range of instruments, including:

- Piano
- Guitar
- Violin
- Singing

If your child is interested in taking music lessons, please contact the school office to find out more about availability and how to sign up.

Forest School Sessions

This term, our Forest School sessions will continue to be a highlight of the curriculum. These sessions give children the opportunity to explore nature, develop their outdoor learning skills, and engage in hands-on activities such as shelter-building, nature art, and problem-solving. We ask that students come dressed appropriately for outdoor activities, with sturdy shoes and warm clothing.
